Headteacher: Mr Richard Westley

Dear neighbour,

Further to my previous letter, I am just writing to you today to let you know how our plans for our environmental area, which neighbours your garden, have progressed.

You will, I am sure, have seen the area being put to positive use for classes and an after-school club over the last year. For your information, we are now using this area three afternoons each week for groups of children to undertake a Forest School curriculum.

These are usually on Tuesday, Thursday and Friday afternoons during term time. Mrs Seaton, as a member of our teaching staff, is now a fully qualified Forest Schools teacher. This enables her to deliver a full Forest Schools curriculum to all of our children – which is something we feel passionately they will benefit from. I wanted to let you know that as part of this curriculum, Mrs Seaton will be using a small fire pit area carefully crafted within the wooded area.

We have sited this in such a way as to minimise any impact it may have on you as our neighbour, and to ensure the safety of the children and the surrounding area itself. Should you wish to visit and check out the area for yourself – you are most welcome to do so.

Please do just give the school office a call and we will organise this for you. As a neighbour to school I, once again, just wished to share our plans with you to ensure we can be as considerate as possible for your own privacy and use of your outdoor space. Please do let me know if you would like any more information about our use of this area.

Yours Sincerely,

R Westley

Richard Westley
Headteacher
