

Reduce Re-use Recycle

In March and April the Eco-club planned and ran the reduce, re-use, recycle competition. In this competition we encouraged children to use used items to build an item that could hold stationary or equipment. When judging it was incredible what some people had made. The winning entries can be seen in the entrance to our school.

The winner from KS1 is Arthur Ludford and from KS2 is Naomi Thompson Owen.

We had two runner ups who were, Sophie Coleman in KS 2 and Zoe Roberts in KS1.

Well done to everybody who entered and particularly our winners!
