

GoBubble

**Safe social media
for under 13s**

1

CONNECTING THE WORLD'S CHILDREN

Step #1

Teacher
registers a
school for free

Step #2

Parent approves
their child's
account

Step #3

Child connects with
others the same
age around the
World

2 CONTENT CREATED BY CHILDREN

1 **Emoji**

2 **Photos**

3 **Video**

4 **Words**

3

How it works...

You can create multiple groups (for classes, teams, competitions, etc)

You can post and share content which children reply to and create their own content

Parents can see their child's content. They can also receive oneway messages from you

Free for schools: parents pay £3 per year for app

Your GoBubble

1 PROFILE

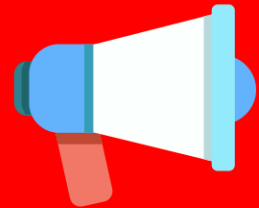

**Create
GoBubble
groups and
classes**

2 ENGAGE

**GoBubble groups
can become part
of learning
strategy in
engaging pupils**

3 CONNECT

**Through GoBubble
you can safely
chat with other
classes and pupils
the same age
around the World**

Safety features

- 1 Multiple security checks prior to school being set up on the site, including only work emails, DBS and headteacher approval. Extra checks for international schools who are outside of DBS**
- 2 Hosted on dedicated secure server in UK**
- 3 2300 watch words and cutting edge moderation AI to pre moderate pictures and videos to reduce inappropriate content. Plus our live moderators**
- 4 Parental consent gained for children to have an account**
- 5 All users are verified by a school and children from different schools can only interact with children the same year group age**
